

Winchester Public Schools

2ND GRADE

Learning Support Resource

Winchester Public Schools is pleased to offer you and your child a Learning Support Resource (LSR) to help you remain actively engaged in the learning process while not in school. Included in the resource packet are online resources with usernames and passwords, a “menu” of learning activities that include various content areas and levels of difficulty, and worksheets designed to support grade level content review for writing, reading, mathematics, and science.

See below for a list of online resources to encourage your student(s) to continue practicing skills they've learned so far this school year! When appropriate, websites have been labeled with suggested grade levels to help you determine which is best for your learner(s). Have fun!

Literacy:

Menu of Learning Activities

<p>Make a list of 5 things in the real world that use numbers. Write about how each item is useful.</p>	<p>Put water in a cup and place it in the freezer. What do you notice about states of matter? Write about what changes you see throughout the day.</p>	<p>Write a story about something that happened in your life. Be sure to have a beginning, middle, and end.</p>	<p>Be a great friend by making a card for someone. Write at least 3 sentences to tell why they are a great friend.</p>
<p>Coin Count: Sort and identify coins. Use skip counting to count the coins in your collection. If needed you can cut out the coins worksheet to use instead of real coins. (2-F)</p>	<p>With permission, measure 2 objects. Compare and write about the difference between the lengths.</p>	<p>Complete the Four Seasons of the Trees activity (1-A).</p>	<p>With help from an adult, go to https://improvingliteracy.org/kid-zone/listen Choose a nonfiction text to listen to. Write three facts you learned.</p>
<p>Read a story for 20 minutes or more. Then, draw a scene and include a description of the characters, setting, or events that you drew.</p>	<p>Let's Get Moving! Ask an adult to play some music. Dance and clap to the beat. Write about a song that you enjoyed.</p>	<p>Think about something that might be difficult for you right now. Talk with someone about how you can set a goal to improve. Write about your plan in a journal.</p>	<p>Select a character from a book who is demonstrating an emotion. How are they feeling? Give at least two details from the book that show they are feeling that way.</p>
<p>With an adult, go on a nature walk. Draw a picture of a plant that has a flower. Write about what the plant needs to grow and what animals help to pollinate the flowers. Use the recording sheet. (2-G)</p>	<p>Create a poster to tell about a tradition in your family.</p>	<p>Create a bar graph to show the favorite colors of everyone in your house. Write 3 facts about your graph.</p>	<p>Write down all of the words you can think of that describe spring. Then use the words to write a poem or song inspired by spring.</p>

Menu of Learning Activities

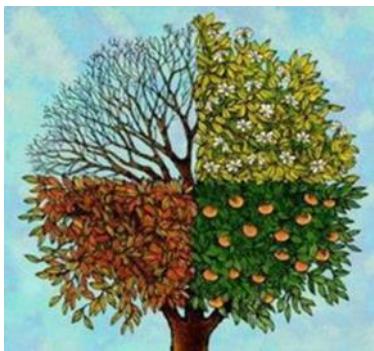

<p>Practice “Mindful Listening.” With permission, go outside to fully listen to the sounds. Record your observations on the worksheet (2-A). You can also complete this activity inside.</p>	<p>Write and illustrate a picture book about a winter day. You can use the Winter Picture Book Template (2-B) or create your own with plain paper.</p>	<p>Read a book of your choice for at least 20 minutes. Fill in the details on the Character Portrait (2-C).</p>	<p>Create a kindness calendar. Fill in the Kindness Calendar (2-D) to plan a week’s worth of kindness activities to complete. Share your completed calendar with your family.</p>
<p>With help from an adult, play a game, research a composer, compose a song, or dance to the beat.</p> <p>www.classicsforkids.com</p>	<p>Ask someone in your house to play a board or card game with you. Talk about why taking turns and following the rules is important.</p>	<p>I have 1 quarter, 2 dimes, and 1 nickel. How much money do I have? Write the amount. Then show that same value with other coins. What coins did you use? (2-F)</p>	<p>With help or permission from an adult, make or draw a sandwich. Show how to cut the sandwich into equal parts of either halves or quarters. Label the parts.</p>
<p>With help from an adult, go to https://improvingliteracy.org/kid-zone/listen</p> <p>Choose a nonfiction text to listen to. Write the most surprising fact you learned. Write why it was surprising to you.</p>	<p>Design an experiment to keep an ice cube from melting. Record what materials will you use? Draw your design on the recording sheet. (2-H)</p>	<p>With permission from an adult, trace your shadow in the morning and later in the day. Is there a change? Compare your shadow tracings and write to explain your findings.</p>	<p>Landscape Out Your Window: Draw a picture of what you see from your window. Use worksheet 2-E for guidance.</p>
<p>Explore instruments and composers online with help from an adult.</p> <p>www.mydso.com/dso-kids</p>	<p>Self-Portrait: Look in a mirror and draw a self-portrait. Include as much realistic detail as you can.</p>	<p>Write a recipe for a healthy snack.</p>	<p>With help from an adult, go to https://improvingliteracy.org/kid-zone/listen</p> <p>Choose a fiction text to listen to or read. Draw a picture of your favorite part. Write 3 sentences explaining why.</p>

Day 1 Worksheets, Writing Prompts and Attachments

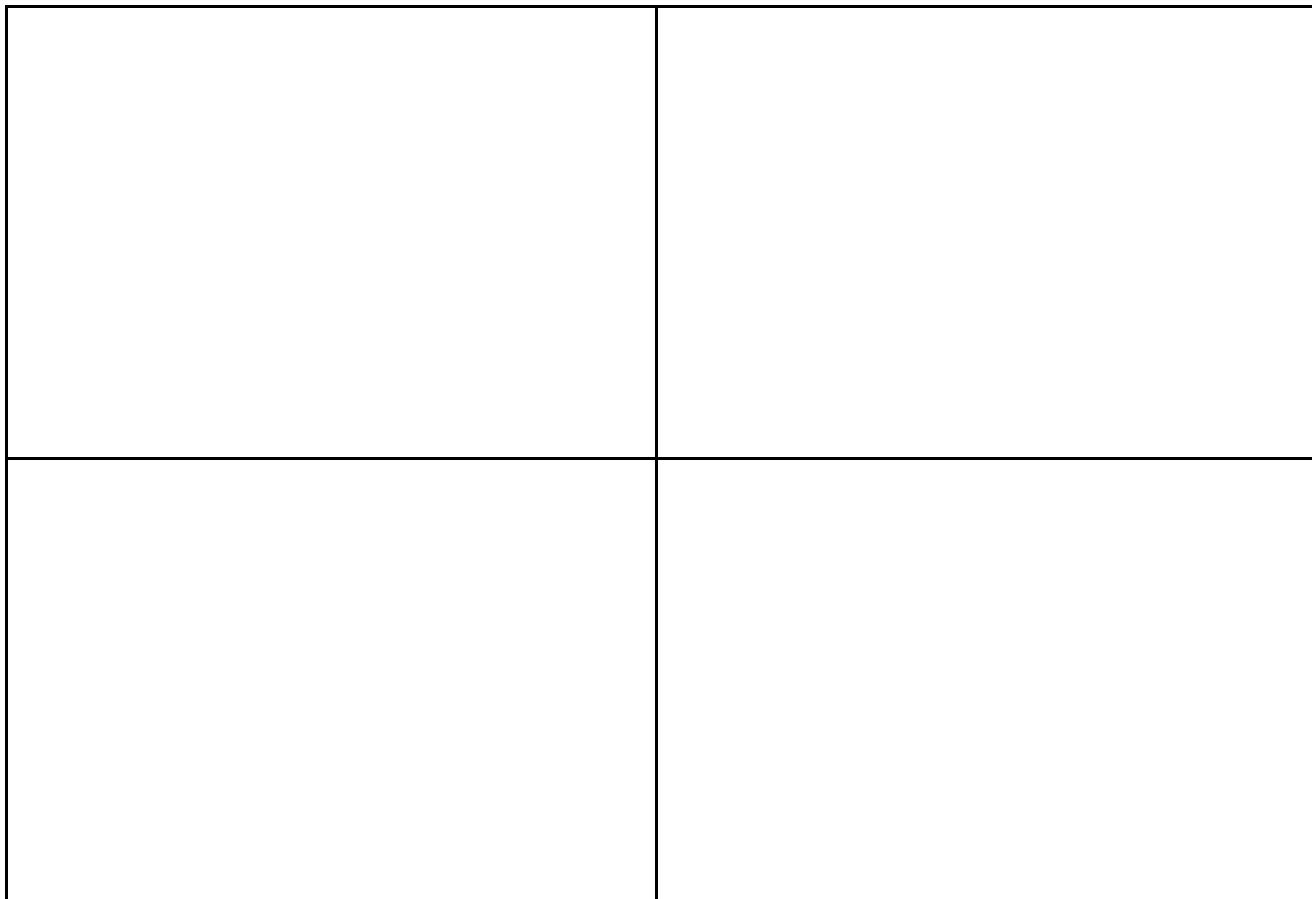

FOUR SEASONS OF TREES

(1-A)

Materials needed: paper, pencil, coloring tools (colored pencils, crayons, or markers).

Directions: On a separate sheet of paper, draw a grid that divides your paper into 4 sections. Inside the grid, draw a tree that reaches all four spaces. In each one of the four spaces, show a different season by drawing what that portion of the tree would look like during that time of year. The seasons are: spring, summer, fall and winter - you can choose where each season is drawn. Think about how the leaves, sky, and ground would look during each season. Include animals, outdoor items like playground equipment, flowers, plants, people, and weather conditions in your drawing as well. Lastly, add color to your drawing with your choice of coloring tools - colored pencils, crayons, markers, or a combination of media. Make sure to fill each space entirely with details and color. Be creative!

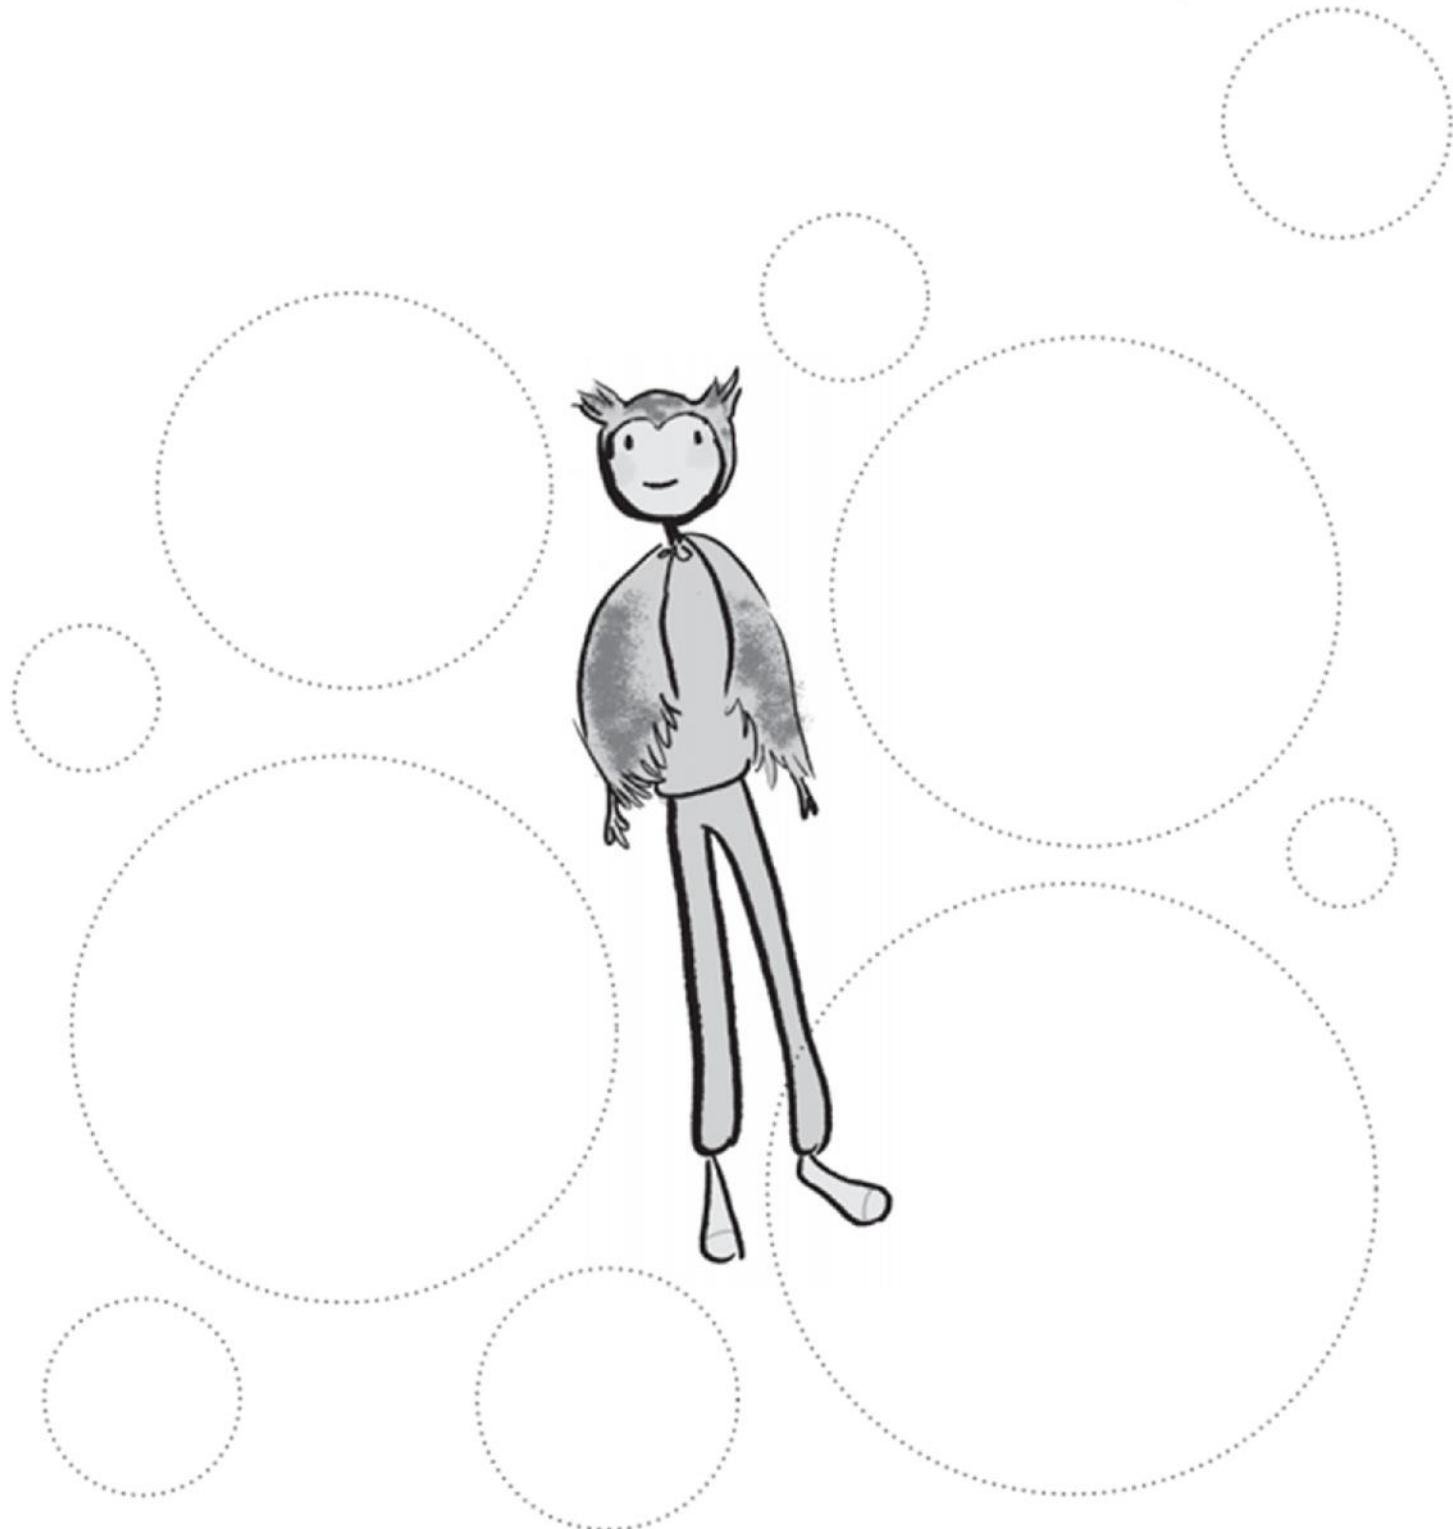

Day 2 Worksheets, Writing Prompts and Attachments

MINDFUL LISTENING

(2-A)

Listen like an owl to become more aware of the sounds around you! An owl can hear sounds that are close up and far away, and can also be silent when needed. Go on a “sound hunt” as an owl. What do you hear close up? What do you hear far away? Write and draw your observations.

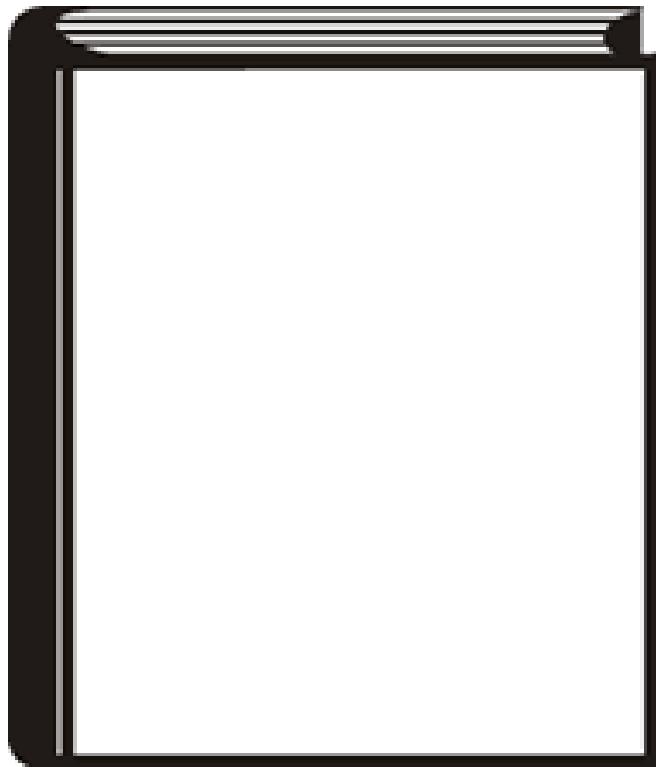

Day 2 Worksheets, Writing Prompts and Attachments

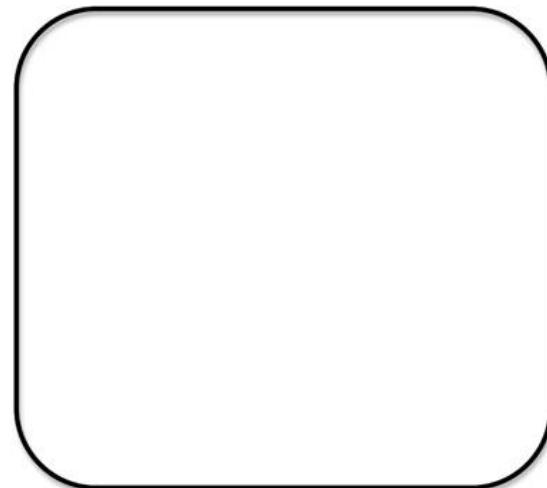

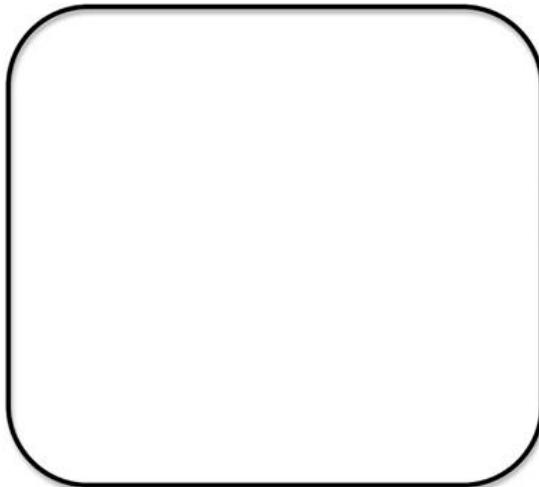

WINTER PICTURE BOOKLET TEMPLATE

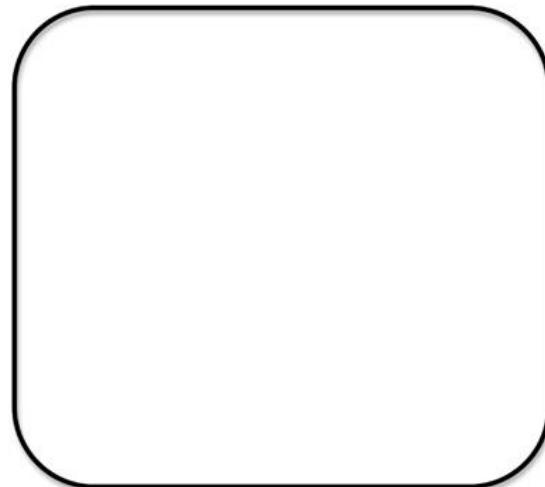

(2-B)

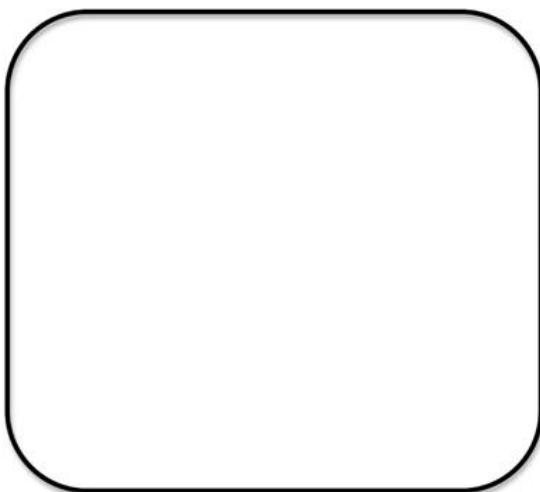

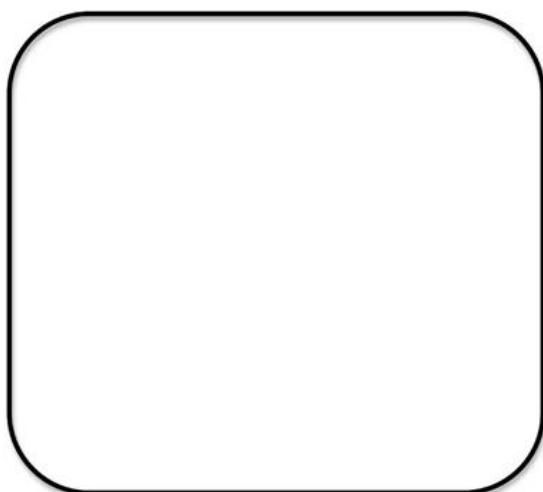

Written and Illustrated by:

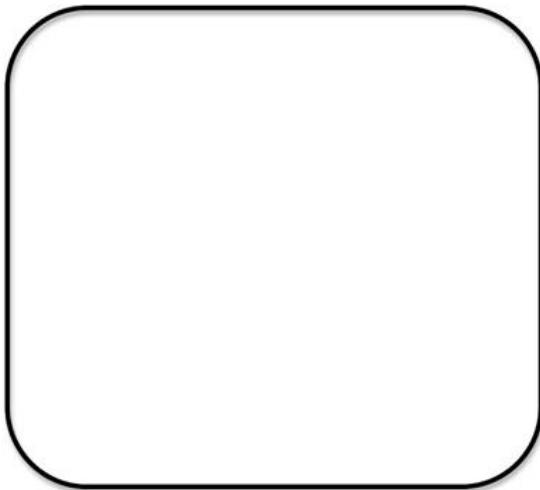

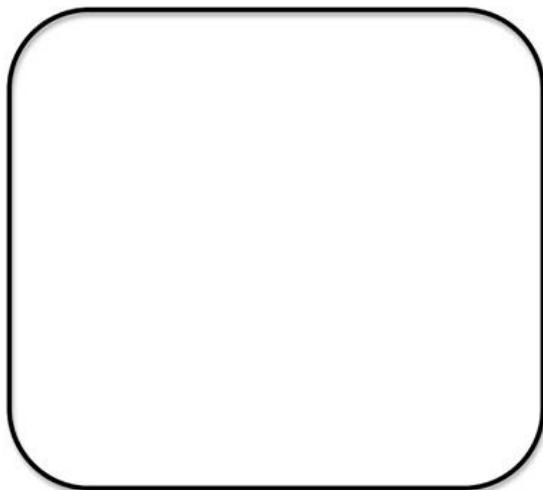

Day 2 Worksheets, Writing Prompts and Attachments

LANDSCAPE FROM YOUR WINDOW

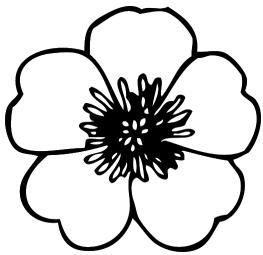

(2-E)

Use materials of your choice (crayons, pencils, paint, clay) to create a picture of the view from your window. What do you see? What is happening? How can you tell? What details can you include in your artwork to describe what you see? Find a creative way to show what is happening outside your window. Bring your artwork to school to share with your class.

Coins

NATURE WALK: PLANTS

Directions: With an adult, go on a nature walk. Drawing a picture of a plant that has a flower. Write about what the plant needs to grow and what animals help to pollinate the flowers on the recording sheet.

What does a plant need to grow?

What animals can help pollinate the flowers?

DON'T MELT THE ICE!

Directions: Design an experiment where you can keep the ice from melting. What materials would you use? Why did you choose that material? What would your design look like?

If you can, do your experiment. How long did it take you ice cube to melt?

List of Materials	Why Did You Select Those Materials?

Draw a Design of Your Container

(This large area is provided for drawing the design of the container used in the experiment.)
