NOTES

Note 1: Cell F17 indicates the minimum number of total instructional areas to be provided. Value shall be rounded up.

Note 2: Values shown in cells F20-22 indicated the range of square foot per student based on the number of total students. Schools with larger enrollments will have fewer square feet per student.

Note 3: Cell D23 indicates the total gross square footage of the new or renovated building.

Note 4: The minimum number of instructional areas within the Academic Core area for Elementary Schools will be 100% of total. The minimum number of instructional areas Middle & High school Academic Core areas should be >= 67% of total.

Note 5: Cell D46 indicates the difference between the Maximum Reimbursable Gross Square Footage and the Total Gross Square Feet Programmed. A negative number indicates additional SF can be added to the program. A positive number is SF that is not state funded.

Keeping build same size
